VIDEO PODCAST STUDIO · SANTA CLARITA, CA

A podcast that *looks like TV.*

Done-for-you video podcast production in our pre-lit, acoustically treated studio. You show up and talk. We run the cameras, mix the audio, edit, clip, and publish.

The Panel Studio

Up to four people at a custom desk

- Six live-switched cameras
- Shure SM7B broadcast mics
- Large vertical screen for your logo
- Wall lighting in your brand colors

The Conversation Lounge

Two armchairs, one great conversation

- Three live-switched cameras
- TV wall for your logo and branding
- Wireless lapel mics
- Teleprompter for intros and sponsor reads

EVERY SESSION INCLUDES

Live switching
An engineer runs every camera and mic as you record.

Prompter and remote guests
Scripts on the prompter. Guests join in studio quality via Riverside.

Broadcast-quality audio
Shure SM7B mics, each on its own track, mixed and mastered in post.

Book your session.
